

PEAK SEASON PLAYBOOK: HOW TO MAXIMISE Q4 GROWTH

SEPTEMBER 2025 | EDITION

September marks the start of the festive runway for SMEs: a season where every campaign counts, and the difference between surviving and thriving lies in how well businesses prepare for Q4. At VK Transformation, we see this moment not just as a sales peak, but as a launchpad for sustained growth.

In this edition, we spotlight the tools and tactics that equip local brands to rise above crowded holiday markets. From quick-win ad strategies across Google, Meta, and TikTok, to retention playbooks that turn festive shoppers into loyal customers, to grant-backed solutions that take the stress out of rising ad costs, every move is designed to help SMEs capture demand without compromise. And through our Peak Season Playbook video, we reveal what it really takes to harness seasonal momentum and translate it into long-term success.

Our approach remains rooted in the same winning formula: deep local insights that ground every strategy, bold creativity that breaks through festive noise, and proven expertise in grant maximisation to fuel ROI. In a digital landscape where competition intensifies with every festive wave, VKT empowers brands not just to ride the tide, but to own it with confidence and impact.

From One-Time Buyers to Lifelong Customers- Your Festive Retention Playbook

Traffic always spikes during the festive season, but real growth lies in what happens after the first purchase. VK Transformation's "Retention = Revenue" post unpacks how SMEs can turn festive shoppers into loyal, long-term customers through email marketing, WhatsApp campaigns, and remarketing strategies.

From segmentation and personalised festive offers (proven to boost repeat purchases by up to 30%) to real-time WhatsApp engagement with exclusive deals and instant support, this playbook shows how SMEs can stay top-of-mind beyond December.
